

St. Joseph's Primary School

Please help us to mitigate the risk of COVID-19 transmission!

Parents/Carers can help support children and staff by:

- supporting young children to learn to cut their own food.
- supporting your child to learn to open straws / or open the straw and seal in an alternative covering.
- providing food items/snacks in packaging that children can open.
- ensuring tubs and boxes can be opened by your child.
- opening and resealing drinks so that children can open the lids.
- avoid including any foods which require scissors to open the cartons or packaging.
- booking the days you wish your child to have milk on Parent Pay.
- ensuring children wearing shoes with laces can tie the laces independently.

Reminder all school staff **should maintain a 2m distance** from children with the exception of specific circumstances.

Staff **will refrain** from opening packaging/ snacks and bottles, at this time, to minimise touch points and contact with surfaces.

The school office **will not be able to** accept items into the school in the course of the school day. This includes lunch boxes, water bottles, clothing etc. Any letters returned to the office are quarantined for at least 72 hours prior to handling.

Parents/carers are asked not to attend the office or school without prior appointment. Instead parents/carers are asked to contact the school office by telephone 01698 285121 or email office@st-josephs-pri.s-lanark.sch.uk.

Many thanks for your continued support in our efforts to mitigate the risk COVID-19 transmission.

Kind Regards

CL Mullen (Depute Head Teacher)
