

School Improvement Priorities 2024-2025

Our School Improvement Priorities are:

1. Learners to further develop their skills in understanding, analysing and evaluating texts.
2. To continue to build positive relationships across the school community.
3. To create a curriculum rationale which reflects the uniqueness of our school and clearly outlines our aims for our learners and how we will achieve this.
4. To work with the Learning Community to develop consistent approaches in the teaching and learning of numeracy at second level in fractions, percentages and decimals.
